

Shoe Repair Service

Canadian Footwear offers professional Shoe Repair Services at our downtown, 128 Adelaide St. location from Monday to Friday (9 a.m. - 4 p.m.)

Whether you require a shine, a simple shoe stretch or a more complex footwear modification as per a physician's prescription, our shoe makers have the experience and training to do the job to the highest standards.

Professional, quality workmanship is what you can expect no matter how big or small the job.

Our shoe makers have the training and expertise that enables them to understand foot and lower limb conditions and how they relate to proper shoe selection and modification. Recognized by healthcare professionals throughout the community for their quality work, our experts will help you find a solution to your unique shoe repair needs.

With over 20 years of repair experience comes the pride of producing consistent quality work that looks great and functions properly. Adding velcro straps, replacing a broken lace hook, adding a 2 inch full sole raise... there is almost nothing our shoe makers can't do.

For pricing, free advice or a recommendation regarding your repair concern, please visit our shoe makers at 128 Adelaide St. or contact them by email at shoerepair@canadianfootwear.com and they will be delighted to assist you. **If you have footwear you are looking to get repaired, please include front, rear, side and bottom pictures of the footwear so we can provide you with accurate information.**
